

EXTRACTIVE INDUSTRY – GRAVEL PIT

CATEGORY	Mining & Energy
PROJECT	Extractive Industry – Gravel Pit
CLIENT	Mort & Co Lot Feeders Pty Ltd
LOCATION	2649 Millmerran-Cecil Plains Road, Kurrowah, Qld
PROJECT YEAR	2021

PRECINCT'S ROLE

Mort & Co Lot Feeders Pty Ltd engaged Precinct Urban Planning to provide town planning assistance associated with the expansion of an existing gravel pit at the site on Millmerran-Cecil Plains Road.

The project involved a Material Change of Use to allow the extraction and screening of gravel within the threshold of 100,000 – 1,000,000 tonnes of gravel per annum at the site. The majority of the gravel extracted is to be used for construction and maintenance purposes for the expansion of the Mort & Co Pinegrove Feedlot located approximately 10km south of the gravel pit.

As part of the Development Approval process, an application was also made for separate approval for an Environmentally Relevant Activity for Extractive and Screening Activities.

KEY TASKS

- Provision of Strategic and Statutory Planning Advice
- Development Application Preparation
- Environmentally Relevant Activity Application Preparation
- DA Process Management
- Development Facilitation
