

TOOWOOMBA CATCHMENT MAPPING

CATEGORY Urban Research and Studies

PROJECT Catchment Mapping

CLIENT Reds Group Pty Ltd

LOCATION Toowoomba

PROJECT YEAR 2016

PRECINCT'S ROLE

Precinct Urban Planning was engaged by Reds Group Pty Ltd to provide town planning advice and assist in the preparation of a set of catchment maps for Toowoomba. The purpose of the catchment mapping exercise was to produce a set of maps for Toowoomba City that accurately represented the major catchments, centres and future growth areas within the region. The final set of maps provided a comprehensive overview of the current centres network and highlighted any gaps in the current supply and demand of centre activities to service future growth areas.

KEY TASKS

- Catchment Mapping
- Demographic Analysis
- Residential & Commercial Supply and Demand Analysis
- Strategic Land Use Planning
