

THEODORE-BARALABA ROAD DIVERSION ASSESSMENT

CATEGORY	Mining and Energy
PROJECT	Road Diversion Due Diligence Assessment Theodore-Baralabah Road
CLIENT	Cockatoo Coal Limited
LOCATION	Baralaba
PROJECT YEAR	2012

PRECINCT'S ROLE

Precinct Urban Planning was engaged by Cockatoo Coal Limited and RMA Engineers to provide town planning assistance associated with the diversion of the Theodore-Baralaba Road. The investigations included identification of the planning opportunities, constraints and the regulatory approval processes required and associated timeframes in relation to the diversion of the Theodore-Baralaba Road. The study investigated three potential road realignment options.

KEY TASKS

- Investigations with regard to the planning impacts associated with the development
- Identification and evaluation of potential development options
- Identification of and provision of advice on the regulatory approval processes associated with road diversions
